

The SAT and ACT in One Course at M.A.S.T.

One course, both tests, all subjects right at Your High School!

Math, Reading, Writing, Grammar, Science, and Test-Taking.

Plus 4 proctored practice tests!

Program Philosophy

No more worrying about which test to take!

Our proven curriculum covers content and strategies for Reading Comprehension, Math, Science, Grammar, and Writing—with focused attention on explanations that develop a deeper understanding of these tests.

1 Subject or 2 Subject... Which is Right for You?

Our 1 Subject option is best for students who have already scored a 700+ in either math or verbal on a real SAT or 32+ in one or more subjects of a real ACT test.

Students who have not taken a real SAT or ACT, scored below a 700 in both math and verbal on a real SAT, or scored below 32 on all subjects of a real ACT should take the 2 Subject option.

Course Information

All classes will be held at MAST.
